

FERRET PEST[®]

Multipurpose Wireless Inspection Camera

FERRET PEST - PRODUCT INFORMATION

Multipurpose Wireless Inspection Camera

The Ferret Pest, by Ferret Tools, is a multi award-winning speciality wireless inspection tool designed to provide faster and easier close up visual inspections and the ability to identify and locate pest activity in hard to reach spaces. An ideal tool for inspecting where access is difficult for all rodents, insects, bird activity, such as harbourage areas, ingress point and nests. Attach to any rod or compatible with the optional Ferret Stick accessory to provide extended reach which can help reduce the risk and time involved in using and transporting ladders.

Wireless and rechargeable for convenience with built in WiFi hotspot, 720p high resolution streaming providing photo and video direct to your smart device to support inspection reporting and adjustable bright white LEDs support better visibility. Additional technology in this model include Free App controlled variable focus to see finer detail, super-fast charge from flat to 95% charge in 1 hour, and an Always Up Viewing mode so no matter which way the camera is rotated, the image is always the right way up. The inclusion of the Right angle adaptor allows the camera to face 90 degrees to support more viewing angle options.

INSPECT WITH THE FERRET PEST - SMART TOOL. SMART CHOICE.

Creates photos for inspection reports

Ideal for inspecting hard to reach locations

Removes need for ladders - Reduce risk

Ideal for inspecting pests activities

KEY BENEFITS

- Visual inspections – Identify pest activity in hard-to-reach spaces
