

halo™ LED

The next generation of the hugely popular Halo range of insect light traps is now available.

Halo 30 LED features advanced LED technology for reduced running costs and improved sustainability whilst retaining the high efficacy and simple servicing associated with Halo.

- REDUCED RUNNING COSTS
- HIGH EFFICACY
- IMPROVED SUSTAINABILITY
- EASY TO SERVICE

Low power draw delivering up to 61% lower running costs than traditional fluorescent lamp models.

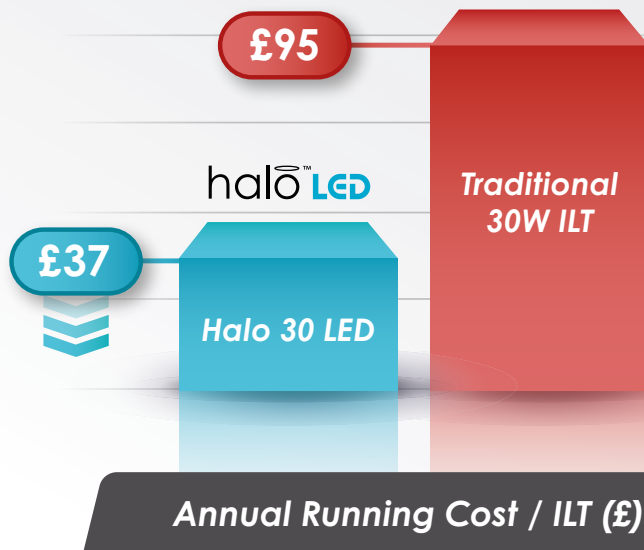

High fly catch efficacy, comparable with traditional 30w fluorescent models.

Simple and quick tool free servicing - glueboard access from either side.

Improved consumable management with common glueboard and LED source.

3 year LED source life, for extended service times.

Swing open front guard for quick access.
